

WILL BUILD ADDITION TO ROLLING MILLS

Will be 80 x 700 Feet -- to be Used as Scrap Shed--
Other Machinery Will Also be Installed -- Work Already Commenced.

There probably is no busier or more growing industry in the west today than the Canadian Western Steel Company's rolling mills in Redcliff. Ever since this plant has been in operation under the present management it has been steadily forging ahead, making enlargements and adding to its efficiency and output.

The plant has just completed an addition and installed a new pile-on-board furnace which has been in operation for some time. Now the plans are completed for another addition which is to be 80x700 feet and will be used for getting the foundation in readiness for the erection of the superstructure. Part of this new addition is to be used as a covering for the scrap iron to protect it from winter weather and the balance will be used for installing other new machinery, so as to keep up with the growing demand for the goods turned out at this plant.

When this new addition is completed another hundred men will be added to the staff. At present there are about 350 men on the pay roll of this thriving industry.

Old Ornamental Clearing for Action

There has been much great cleaning up going on, both inside and out, around the old Ornamental Iron plant during the past week, until now the premises look like a new pin. The machinery is again being shifted around in readiness to undertake a new line of work in the near future.

The foundry is also being fitted up in first class shape and will be run in conjunction with some of the other industries already in operation.

I. W. W. Agitator Arrested in Hat

The Medicine Hat police received word from Butte, Montana, to look out for P. C. Webber, who is wanted by the United States authorities for violations of the espionage Act and three sections of the federal youth code. Shortly after receiving the notice Webber was seen in the city and arrested and is now held by the police pending instructions from the U. S. authorities. The prisoner is an I. W. W. agitator and any schemes he may have entertained of starting an I. W. W. agitation in the country are nipped in the bud by his arrest.

U. S. and Japan Reach Agreement

Japan and the United States have reached a complete agreement in regard to China and at the same time have arrived at a clear understanding as to military, naval and economic co-operation in the war against Germany. This momentous development was announced by Secretary of State Lansing, who made public the notes exchanged by him and Viscount Hara, special Japanese ambassador, in connection with the agreement recognizing that Japan has a special interest in China but pledging the independence and territorial integrity of the great eastern republic and reaffirming the doctrine of an "open door" for commerce and industry.

After a lingering illness Alex. Louitt passed away at the home of his mother last Monday evening. Deceased was a young man 24 years of age. He came to Redcliff about five years ago and has remained here ever since. Some time ago he contracted a severe cold from which he never recovered, but kept growing weaker. Besides a widowed mother, deceased leaves a brother and sister, Dan who is at present in town, and Mrs. James Sinclair of Drumheller. The funeral took place yesterday afternoon and the remains were interred in the Medicine Hat cemetery.

Pressed Brick Plant To Open Next Week

H. J. Simpson, manager of the Pressed Brick plant here, informs us that he is making fairly good headway in securing the necessary staff to open the plant and that he expects to have it in operation some time next week. When he opens up he will have a staff of between twenty-five and thirty men but at present a few more men are needed to make this possible. Since the plant closed down business has been fairly brisk with the result that the stock in all lines is now almost depleted. When the yard is in operation it is the intention to stock up in all grades. This will take some time and if the orders keep coming in as at present and the recent enquiries would indicate, a good season's run is assured.

Want Government to Raise Patriotic Fund

A deputation of the executive of the Patriotic Fund of north and south Alberta interviewed Hon. Charles Stewart, the provincial premier, and asked that the Alberta government make an appropriation of \$10,000 for the fund. It was represented that the new federal elections act would largely stop further voluntary contributions from the "foreign-born element of the population in this province who have been disfranchised, and that if the Patriotic fund is to be maintained the province must come to the rescue. The premier expressed his sympathy with the delegation. The request will be considered by the full cabinet.

At the beginning of this week it looked as though there was going to be a tie up in the work at the coal mine as the miners were going to quit work. However the management and the men got together and came to an amicable agreement.

HON. JAMES A. CALDER, Liberal, who takes charge of colonization and immigration for Canada in the Union Cabinet.

Bad Actor is Arrested in Redcliff

In the arrest of Bill Linko the provincial police last Thursday, the provincial police removed from the community a most undesirable character. He was wanted by the authorities for the theft of \$600 which he obtained when he skipped from Calhoun with another man's wife and child. Previous to the theft he had escaped from a detention camp.

The provincial police located him here last Tuesday evening. He was arrested and taken to Medicine Hat where he appeared before Inspector Sheotham on the charge that "he being an alien of enemy nationality was unlawfully found in possession of firearms." This charge was laid as a 30-30 Remington was found in his room when he was arrested. He was found guilty and sentenced to three months hard labor. After serving this term he may possibly have to answer the more serious charge.

Local Theatres Put on Good Shows

Last Friday, Saturday and Monday both local theatres treated their patrons to exceptionally good shows which were out of the ordinary and very much above the average. For some time past both theatres have been putting on good regular shows but the ones on the evenings above referred to are deserving of special mention.

On Friday and Saturday the Empress had "The Barrier" and although it was not patronized as it should have been, those who saw it say it was one of the best films ever shown here.

On Monday at the Amuse-U, Powell, the great magician, entertained young and old alike for two hours, with all the slight of hand tricks known to the art. During the evening he introduced some new features which made the audience stand on their toes. The house was packed and all thoroughly enjoyed the change from the ordinary shows.

Redcliff Teacher Makes Good Showing

At the teachers convention held in Medicine Hat last Thursday and Friday, T. O. W. Fowler, of the Redcliff school staff, gave a demonstration of how a model rural school should be run. In reporting Mr. Fowler's work the Medicine Hat News says:

"Mr. Fowler has all the natural gifts of a teacher, and the pupils, who represented all the grades, responded in a delightful way. The lessons taught were interesting and instructive and the problem of keeping the various classes employed during the recitation of others was the secret of much of his success. Careful preparation and thorough knowledge of his subject added to a pleasing address characterized Mr. Fowler's teaching."

ANOTHER REVOLUTION IS NOW RAGING IN STRICKEN RUSSIA

Kerensky Government Overthrown;
Ministers Arrested --- Former Premier Escapes --- New Rulers Will Seek Peace And Ask For An Armistice.

Municipal Elections Are Now in Sight

Probably it is because the weather has been so much like summer lately that people did not realize we were nearing the end of the year, and consequently, nearing the annual municipal election time again. At all events there has been little or no talk of municipal affairs or possible candidates for the different vacancies which will have to be filled.

In the town council the retiring members are Mayor Bott and Councillors Lydiatt, Lavell and Howard.

The retiring members of the school board are Chairman Barber and Trustees Patterson and Brown.

Nominations to fill these vacancies will be held on Monday, Dec. 10, and should an election be necessary the same will be held on the following Monday.

According to reports received just as we were going to press conditions have reached a serious stage in Russia and that country is now passing through another revolution.

Although the report is incomplete it fully states that the Kerensky government has been overthrown, and the late premier has escaped to Paris unknown. Many of his ministers have been arrested and a state of turmoil exists throughout the whole country.

At present the Maximalists are in control of affairs with Khrushch and Lunin as leaders. The new government has issued a declaration announcing that they will seek an immediate peace and they have asked for an armistice among the belligerents with that end in view.

According to the declaration of the new government they promise to give all the land to the peasants and to call a constitutional assembly at once.

The revolution was brought about by the soldiers and workmen delegates. Soldiers at the front are ordered not to come to Petrograd and the soldiers at present in that city are under guard. The Cossacks are instructed to keep order in the capital.

Italian Situation Is Improving

The situation in northern Italy is getting clearer and the steadiness with which the troops are finding back in the new positions gives a promising outlook. The general conditions, none the less, continue grave, though for the first time there is a note of encouragement and confidence in the course of events.

The enemy's pressure Tuesday made itself felt on the center and right as well as on the left wing. Rear guards, however, repulsed enemy rushes and permitted the systematic development of Italian concentration along another line.

The new Italian line of defense will run along the course of the Piava river, says the correspondent of the Matin.

He describes this line as one which an army that has pulled itself together and is determined to resist, can hold for a long time.

It is hoped here, the dispatch continues, that if an energetic counter-attack becomes necessary at one of the most threatening points French and British forces will participate in this way a retreat to the Adige line may be avoided. The Tagliamento was fortified hastily and could not be held.

Must Have Sanction To Travel Now

All persons who wish to travel abroad and seeking to obtain the military sanction which is necessary will, before applying for same, have "Application for Permit to Leave Canada" form duly filled out and attested the above form may be obtained through the postmaster. In addition to the above, if married, a certificate to that effect must be procured from some prominent person in the community in which the applicant resides, such as the mayor, a clergyman, etc. If unmarried, a certificate of medical unfitness from one of the regular army medical boards. Application for the military sanction may then be made, preferably in person, to 405, Judge Travis building, Calgary.

Why does Canada Raise Money by Selling Bonds?

BONDS are issued payable in ten or twenty years, as the case may be. It means that repayment of the money will be spread over ten or twenty years instead of being raised by taxation to meet current expenditures. To raise by taxation all the money as fast as it is needed to carry on Canada's share in winning the war, would be an unbearable burden upon the people.

It would mean that more than a million dollars a day would have to be raised right now.

But to raise money by selling Canada's Victory Bonds means that those of the next generation who will benefit by the sacrifices this generation is making; —who will share in the freedom this generation is fighting for and largely paying for—will also pay their share.

And when you buy Canada's Victory Bonds you make a first-class business investment in a security that is absolutely safe, likely to enhance in value after the war, and bearing a good rate of interest.

You help the country by keeping open the British market for Canadian products and this helps the general welfare in which you share.

And again, every Canadian who buys a Victory Bond becomes a financial partner or backer of Canada in the war.

When you buy a Canada Victory Bond

you give a personal pledge that you are going to help to win the war.

Every man and woman in Canada can help to win the war by buying Canada's Victory Bonds. And Canada wants the personal, individual interest and co-operation of every man and woman in the country.

The buying of Victory Bonds by the whole people unites them in a determination to win the war.

Every purchase of Canada's Victory Bonds is a blow for freedom against the tyranny of German Kultur.

Every bond sold is a new guarantee that Canada is in the war to the finish, until victory is with the Allies and the world has been made safe to live in.

Every bond you buy is a new pledge that Canada will remain true to herself, the Empire, the Allies and to freedom's cause.

So it is both patriotic and good business to

Buy Canada's Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Dominion of Finance of the Dominion of Canada.

THURSDAY, NOV. 8, 1917

GIVE IT A TRIAL.

The resignation of J. E. Askwith as town engineer will no doubt open up the question of the advisability of engaging a successor for the position. As there is very little work going on in town at present which calls for the services of a civil engineer to think the town could very well get along without employing a permanent engineer for the time being, at least. The men who have been working under Mr. Askwith have been at this work for several years and are not only quite competent or carry on the work themselves but are well acquainted with the water works system.

To be sure there may be occasions arise when the services of an experienced engineer will be required but in our opinion an experienced man could be engaged from time to time as these occasions arise, which, in all probability, would not be more than two or three times a year. Each occasion might cost the town from one to three hundred dollars a time according to the work required, but at that it would be a big saving over engaging a permanent engineer.

This plan might be given a trial for a time at least.

SUBSTITUTES FOR FLOUR AND MEAT.

Canadians who are willing to follow the advice of the Food Controller in order to help to save wheat flour, beef and bacon for the soldiers, will find a considerable number of whole-some substitutes.

To save wheat flour, barley may be used for soup and barley flour for thickening; corn meal for bread and cereal; oatmeal for cereal and oat muffins. Potatoes may be used in a variety of appetizing dishes, and when they are served bread may sometimes be omitted from the meal. At present the price of corn meal is high, but the new crop in the United States is very large and will be coming on the market soon. The question of price has to be carefully considered by the great majority of people, but those who can afford to do so should substitute in part other cereals for wheat even if the price of the substitutes should be higher.

For meat, fish is a peculiarly suitable substitute, because of the variety available and the abundant sources of supply in the Dominion. Beef have nearly the same food values as meat.

By a careful selection of other foods the selection of meat may be very considerably reduced, especially by persons who are not engaged in heavy manual work.

Remember, the primary reason for urging saving of wheat flour, beef and bacon is not economy in cost, but that the soldiers may be supplied with the food which they need.

One reason given why the languages are not taught in our school is that the teachers haven't time if they are to keep up the other subjects. It will be interesting to watch what subject the principal will cut off his program now that school is being called at 9.30. If he is now able to work in all the subjects necessary what did he do with that extra half hour when

school was called at nine. Its really wonderful what a principal can do when he has to. The trouble in our case is that there does not appear to be anyone to do this. Has to.

Mr. Young Man, have you reported yet? If not we would draw your attention to the fact that Saturday is the last day. After that day you will be treated as a deserter if you have not complied with the regulations of the Military Service Act. This may mean serious trouble for you and even then will not excuse you from your responsibility. No excuse will be considered for non-compliance with the regulations.

The Need for Reinforcements

Large Organizations Behind the Lines Must be Kept Up, as Well as Fighting Units.

Ottawa, Nov. 1.—All Canadians should understand thoroughly the kind of military organization which the allies depend on Canada to maintain overseas. Since news stories in the press mostly always recount the activities of the fighting men, the public at home is apt to overlook the essential work done by the many thousands of men behind the lines on the lines, and devotion to duty depends the success of those in the trenches.

But the Canadian lines in France for instance, there are Canadian soldiers engaged in forestry corps, railway corps, trenching battalions, labor battalions, railway supply detachments, salvage companies, field butcheries, field bakeries, depot units of supply, reserves, parks, casualty clearing stations, hospitals, both sea and land, and general depot and laboratory, dental corps, mobile veterinary sections, veterinary hospitals, advance corps, army pay corps, training establishments, headquarters, messes, camps, etc. In all there are over twenty-five different and necessary branches of the military organization to be maintained back of the lines by Canadian soldiers.

In England Canadian troops, numbering at present upwards of 100,000, include reserves for all the many services in France, awaiting call, as well as the sick and wounded, men in various stages of physical fitness, and those engaged in necessary storage, transportation, forestry, headquarters and other activities. Sufficient reserves for certain essential branches of the service in France are not available in England now. The situation threatens to impose too heavy a burden upon the Canadians now at the front. This is the need for early reinforcement.

Laurier Manifesto Is a Blank Cartridge

In commenting on Sir Wilfrid Laurier's manifesto, the Toronto Globe, the leading Liberal newspaper in Canada, says:

"The Military Service Act will provide Canada's share of the men needed to win the war—and that without delay. Sir Wilfrid's policy would, if adopted, mean that practically no recruits would be embodied or trained in the Dominion for several months at least, perhaps not at all. 'The risk is too great. Sensible elections will not take it. They will vote against Sir Wilfrid's 'perhaps' and in favor of the union government's imperative call for obedience to the law. The enemy is at the gate. Words will not stop his progress. We must have men, and we must have them now.'"

"The referendum is a blank cartridge."

"The referendum would make a direct appeal to the safety first vote."

"Sir Wilfrid's earlier declaration is more to the point than his long manifesto. If Germany wins nothing else matters."

Success of Union Depends on Liberals

Regarding the forthcoming Dominion election the Medicine Hat News, Liberal, says:

"There is no doubt but that the success of the union government in the forthcoming elections depends more largely upon the support of those who have called themselves Liberals than upon any other element of the electorate. If the great bulk of the Liberal party fails to rally to the support of the union government it is hard to see how it can be returned victorious at the forthcoming election."

DON'T MISS THE POINT

There is a man in this part of the world who represents, to our way of thinking, a pretty good average of human nature. Whenever the preacher in his church delivers a very hot sermon against some special kind of sin, this man gets enthusiastic and goes around to the vestry to tell the preacher what a fine sermon it was.

Then he goes home and repeats it to his brother, and they talk over the points and the people the sermon hit the hardest. But this particular man never sees when the sermon hits him.

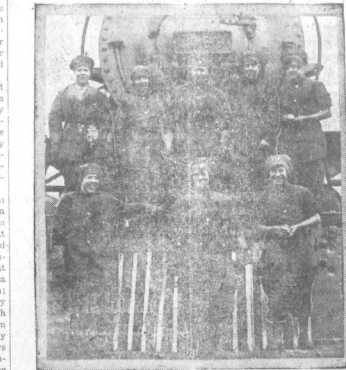

Early next month the biggest public campaign ever put on in Canada will be opened to get subscriptions for the fourth Canadian war loan, the Victory Loan. The thing people in this district must bear in mind is that the appeals are directed to each and every one of them. It is not usually the well-off men and women who are being asked to invest. It is everybody. The little sermons which will be "preached" in the advertising should not be taken as hits to the well-to-do people only. Every man and woman should watch for these advertisements and start now to gather up the necessary money to buy either a fifty or a hundred or a five hundred or a thousand dollar bond.

In the United States there were about 14 subscribers to the first American loan out of every 100 persons. They received 1 1/2 per cent. In Canada for the last war loan there were only about 41,000 subscribers, or say 1 in every 700. Yet in Canada the interest was much higher—in the Victory Bonds that will probably be issued to yield about 6 1/2 per cent.

The first thing anyone should do, in our opinion, is to get rid of the idea that there is any sacrifice involved in investing in this loan. It is true that the patriotic spirit is appealed to and it is equally true that a great and generous response is expected on that ground. But the new war loan is a straightforward business proposition; safe, profitable and convenient. Every man and every woman with as much as fifty dollars to spare should own one of these new bonds, and not only that, but should help to show others the worth of these bonds by recommending them everywhere. The readers of this paper are among the most thrifty, prosperous and patriotic in the Dominion. When the

Shell Orders Coming Here From U. S.

The Montreal Gazette says it is understood that P. J. Fuller, of the Canadian Fairbanks-Morse, is to have charge of the New York end of the new business including shell orders, which Canada manufacturers expect to receive from the United States to the amount of \$5,000,000. Recent negotiations, which have taken Sir Joseph Flavelle, chairman of the Imperial Munitions Board, and some leading manufacturers to Washington, are said to have been successfully concluded, and an official announcement may be expected from Ottawa soon.

Canadian women who have made good as engine cleaners in the great C. P. R. shops at West Toronto, Ontario.

Prohibit Use of Grain For Making Liquor

No grain of any kind and no substance that can be used for food shall be used in Canada after November 30 for distillation of potable liquors. An order-in-council to this effect has been passed upon the recommendation of the food controller. It will remain in force "until the governor-general in council has by order declared that the present abnormal conditions have ceased." The penalty for violation of the regulation is a fine of \$5,000 or imprisonment for a term not exceeding six months, or both fine and imprisonment.

Under an order-in-council of August 9, the use of wheat for distillation or manufacture of alcohol was prohibited, except that the food controller may license the use of wheat in the distillation of alcohol for manufacturing or munitions purposes.

Night trench raiding, by means of boats and portable bridges, are becoming common in the flooded portions of the front held by the Belgian troops.

LIBERAL CONVENTION FOR THE PROVINCE OF ALBERTA.

A convention of Liberals opposed to the Borden government will be held at EDMONTON

on Saturday, November 10th, 1917, at 10 o'clock a. m., to discuss the issues of the impending elections and to complete a Provincial organization. Every Liberal opposed to the Borden government is invited to attend the convention; and, if convenient, a meeting of such Liberals should be held in each town, village or polling division.

At the convention the delegates from each of the 12 Dominion constituencies will appoint 10 voting delegates. Arrangements have been made for a single fare for the round trip. Delegates will purchase one way tickets to Edmonton and at the same time obtain standard convention certificates from their local railroad agents. At Edmonton return tickets will be issued free.

For further information as to special trains will be given through the newspapers.

Royal Hawaiian Quartet.

The pure music of the Hawaiian Islands will be featured in the two concerts to be given on the closing day of the Chautauque Festival by the Royal Hawaiian Quartet. Of recent years, Hawaiian music has had a great following in the United States and the Dominion, surpassing all other in popularity, as evidenced by the number of Hawaiian songs and records now available. There is a reason for this popularity, and this reason is largely found in the melodious sweetness of the strains from the ukulele, guitar and torch. There is a peculiar method which only the Hawaiian uses in the playing of these instruments, which defies all description. It produces a plaintive haunting melody which seems to go straight to the heart of the hearer.

This great demand for Hawaiian singers and players has led to the organization of many companies, but few of these have created the splendid impression made by the Royal Hawaiian Quartet. Were you to visit the Islands you would not hear a more faithful rendition of the best that music has to offer, than you will hear when the Hawaiians come to the Festival on the last day of their rich chautauque program. The Chautauque will be here Nov. 20, 21, and 22.

Canadians Still Doing Good Work

The British forces in Belgium have won another notable victory over the Germans near Ypres, having captured in one of their intrepid dashes, following a rain of shells of all calibres, the town of Paschendale, about five miles west of Roulers, for which much bitter fighting has taken place recently. The new advance of the British throws the apex of their salient in dangerous proximity to Roulers, the fall of which would cut Germany's communication from her submarine bases at Ostend and Zeebrugge with the south. The indications from the meagre advices thus far to hand are that the Canadians, who bore the brunt of the operation, extended their line 800 yards beyond Paschendale. Numerous German prisoners were taken.

The decision of the Italians to evacuate the Tagliamento line was taken after the enemy had intensified his pressure along the upper reaches of the river in the highlands, and pushed forces across the stream in the center and in the south. This movement compelled a withdrawal along the northern front from the Fella valley to Colibiano.

Particulars Regarding The Victory Loan

Sir Thomas White, minister of finance, has announced the particulars and terms of Canada's Victory loan as follows:

Subscription books will be opened on Monday Nov. 12, for five, ten and twenty-five year bonds, dated December 1, 1917. Interest paid half yearly—June 1 and Dec. 1. Bonds will be in denominations as low as \$50. The price of the new loan is to be par—100 cents on the dollar—for 8 1/2 per cent bonds, with the privilege of spreading the payments over a period of five months in monthly installments. In view of this privilege of spreading the payments, and as a full six months' interest will be paid the purchasers on June 1, 1917, the bonus of interest thus allowed will reduce the price, so that the bonds yield the investor 5.51 per cent on the 10-year bond, 5.68 on the 10-year bond. This loan will carry conversion privilege into future issues, and will be free of any present or future Dominion taxes—including income tax.

Holders of Dominion of Canada debenture stock, October 1, 1919, and of bonds of the three preceding Dominion of Canada war loan issues, have the privilege of surrendering their bonds in part payment for subscriptions to bonds of this issue, under the following conditions:

Debenture stock, due October 1, 1919, at par and accrued interest.

War loan bonds, due December 1, 1920, at 97 1/2 and accrued interest.

The two foregoing will be accepted in payment for bonds of any of the three maturities of this issue.

War loan bonds, due October 31, 1921, at 97 1/2 and accrued interest.

War loan bonds, due March 1, 1917, at 86 and accrued interest.

These will be accepted in part payment for bonds of the 1917 maturity only of this issue.

Claim for exemption since the issue of the proclamation now total 188,775, and reports for service 15,000. In reports for service Toronto leads with 3,200; Calgary is second with 2,268, and Vancouver third with 2,227.

U. S. Sammies Get Baptism of Fire

Armed forces under the American flag have had their first clash with German soldiers in an attack which the Germans made on first line trenches where the United States troops had been taken for instruction and three Americans were killed, five wounded and 12 captured or missing.

The war department made this known on receipt of a dispatch from General Pershing showing that the German forces soon after learning the position of the new enemy from overseas, had launched a desperate effort to overcome them.

The Tooton attack came in the form of a heavy barrage fire, which isolated a salient of the American trench, and apparently left a small force of Americans at the mercy of their enemies. That the American soldiers gamely is shown by Pershing's report of a prisoner being taken by them.

How some of his troops escaped bringing this German back, which he did not take in the brief dispatch of the American commander.

U. S. Hands Over Ships to Italy

Five ships with a tonnage of about 25,000 tons thus far have been placed at the disposal of Italy for the transport of supplies, by the United States government. Before the month is over another 75,000 tons, it was said, will have been turned over. The Italians are chiefly in need of coal, steel and grain and the first ships given them are carrying coal.

Canadian authorities here continue to give most sympathetic consideration to the proposal that the first division men still at the front should receive furlough to enable them to visit Canada, but no solution is at present in sight. Officers ask from the front say the concession is greatly desired by Canadian veterans, who probably number 2,000, and the exact number is not yet completed.

At the Bacon Export Trade probe, Toronto City Hall: Left to right—W. N. Tilley, K. C., counsel for the Davies and Mathews-Blackwell companies; H. Gagnier, of Saturday Night, a journalistic prosecutor; C. S. Blackwell; E. C. Fox, Davies' general manager; Sir J. Flavell, Davies' president.

Russian Premier Says Country is War Worn

Although, according to the Russian premier, Russia is war worn and he believes that she has the right to claim that the allies now should take the heaviest part of the burden of the war, he said, he was, in fact, urged, especially in the form of money and supplies. He appeals to the world not to lose faith in the Russian revolution.

REDCLIFF ANTI-SHED BY MERCHANT'S STORY.

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckhorn bark, glycerine, etc., as mixed in Adlerika relieved me INSTANTLY." Because Adlerika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. C. T. Hall, Druggist.

Peace Rumors Are Again Afloat

ITEMS OF LOCAL INTEREST

Gibson & Tupper have a new line of silk petticoats both black and colored.

FOR SALE—House and lot on good terms. Apply at Review office.

The Saturday night dance was well attended last week and an enjoyable time was spent.

Commencing last Monday the school is not now called till 9:30 a. m. instead of 8.

Quite a number of young men from here were examined by the medical board in Medicine Hat this week.

The total church population for Alberta shows the Presbyterians leading with 91216; Roman Catholics second with 80,647.

F. S. Ratliff, manager of the Canadian Foundry & Machine plant here, is a business visitor in Calgary this week.

Geo. Ross, who has been spending the summer in Montreal, returned this week and will remain here for the winter.

The regular meeting of the board of trade was held last Thursday evening but no business of any importance was transacted, only a few bills having been passed.

Judge John F. Hyman was elected mayor of New York in the election last Tuesday. Hyman was the Tammany candidate and the election was one of the hottest ever.

Lance Corp. R. S. Hodge, who has been undergoing medical treatment in Calgary for the past few weeks, returned a week here last Tuesday and will spend a week here with Mrs. Hodge.

W. Tovey, who has been threatening in the Charesholm district, returned with his outfit this week. He reports a busy season and says the wheat in that district averaged from 30 to 35 bushel to the acre.

When the new plate glass window at the Commonwealth store was being put in some one asked Barney how it was broken. He said he broke it when he was knocking down the prices on his goods.

The Chautauqua committee is making good headway with the sale of tickets. Some of its members are already sold out and the others are getting a move on. These wishing season tickets had better speak for their early.

If you are going to attend the Chautauqua at all it will pay you to purchase a season ticket for \$2.00. This entitles you to the whole set of performances, whereas if you buy single tickets for each show it will cost you twice as much.

The same night that two business places in town were visited by robbers last week, Buffalo was also paid a similar visit. Our western neighbors, however, did not get off so easily as we did. In that town three places were broken into and the robbers got away with \$3,500 Powers Bros. were the fittest losers.

Private Charles Oakland, who had been in Calgary since being invalided home from England, returned to town on Tuesday evening and will remain here with his parents for two weeks. Although looking quite well Private Oakland is unfit for further service owing to his long illness while in England. He expects to get his discharge in another month.

Keep in mind the tax sale here on Friday, Nov. 16th.

The regular meeting of the town council will be held next Monday evening.

Get a Merry Xmas Stocking at Gibson & Tupper's and fill it for a soldier.

The treasurer of the Red Cross acknowledges with thanks a \$2.50 donation from Mrs. A. McColeman.

There are three murder trials on the docket for the supreme court sittings to be held in Medicine Hat commencing Tuesday, Nov. 13th.

This is the time to give your order for a Peck made-to-measure suit or overcoat before the holiday rush. Gibson & Tupper.

J. E. Askwith, who has been engaged as town engineer here for the past four years, tendered his resignation last Friday. We understand the mayor has formally accepted the resignation.

Ensign Geo. Hodson of the Salvation army, who will be in town Monday evening, is the latest recruit. After an open air service the meeting will be held in the Presbyterian church at 8 o'clock.

The Alderson News appeared last week under new management, W. D. McKay, the late proprietor, has joined the Canadian navy. R. H. Norton is the new proprietor, whom we wish every success in his new undertaking.

Mrs. J. Harbert, of this town, president of the W. A. deacons, attended a meeting of the W. A. of Alderson last week and addressed the ladies on the work of the society. Mrs. Harbert also addressed a similar meeting in Irvine on Saturday.

The Cliffland Band played on the street again Tuesday evening and already they are showing great improvement. Their music sounded excellent and we have no doubt that when all the instruments are taken we will have one of the best bands in the district.

In order to get a large shipment of iron ready to catch the boat at the Pacific coast the Rolling Mills staff worked all through Saturday night and Sunday on a big order from Japan. The order was finished in good time and the men took their usual Sunday lay-off on the Tuesday following.

An odd looking little extantiller engine was delivered at the Rolling Mills this week and in future it will be used to replace four teams of horses. Although quite small the engine appears to be there with the power. Behind this engine four large wagons are attached and they will be used to draw sand to be used in the furnaces.

At the entertainment given at the close of the teachers' convention in Medicine Hat last week, three Redcliff teachers appeared on the program. These were Miss McDonald, Miss Leisheimer and Mr. Fowler. This with the part members of our staff took in the business proceedings, gave Redcliff a good representation.

Beginning Monday the 12th inst., the Amuse-U theatre will admit its patrons on a duplicate ticket, one of which will be held by the ticket taker and the other by the purchaser. These tickets will be numbered and placed in a box at the door. On the second night of each change in the program (Tuesday, Thursday and Saturday) a stub will be drawn from the box. The person holding the stub with the number corresponding with the draw from the box will be presented by the management with a season ticket to the Chautauqua.

Mayor Bott and J. L. Landis spent a few days in Calgary this week on business.

Wear Gosard Corsets. They lace in front. No advance in price. Gibson & Tupper.

Mrs. J. Sissons, of Montreal, arrived here last Tuesday evening to visit her son, H. J. Sissons, of this town.

The flag flying in front of a Third street store last Saturday was the cause of many enquiries.

Miss McCracken, of Enmer, has been engaged to take Mr. Foster's room at the school. Mr. Fowler now takes the work which Mr. Klinef's had.

In the Chautauqua program now in circulation season tickets are listed at \$1.75. This is a misprint and should read \$2.00 a ticket.

The new Baptist church here will be officially opened on Sunday, Nov. 18th. Arrangements are being made for special services on that day.

J. E. Askwith, who has resigned as town engineer, intends leaving shortly for the Pacific coast. He will sell his furniture by public auction. Watch for bills later.

W. S. Ball, who has been the Conservative nominee for the commons in the Leithbridge constituency, has retired in favor of W. A. Buchanan as the unionist candidate. Things are looking brighter for the union government every day.

The "Double Cross" serial now being run at the Amuse-U is creating a great interest among the patrons of that play house. Each episode appears to be more thrilling than the one before. The work of the stars is very clever and excitement runs high while the picture is being shown. These films are being shown Friday and Saturday of each week.

BIRTHS.

EXEMPTION TRIBUNALS

MILITARY SERVICE ACT 1917

For the Attention of Class One Men

The location of The Exemption Tribunals in this district is as follows:—

Tribunal Alta. No. 85—Medicine Hat

These Tribunals will commence to deal with claims for exemption on November 8th.

All claims for exemption must be made not later than November 10th.

Those who make or have made their claim for exemption in writing through the Post Office will receive notice by registered letter of date on which their claim will be dealt with.

Those who neglect to make use of the Post Office must present themselves in person at a Tribunal on November 8th, 9th or 10th, and they will then be informed as to when their claims will be dealt with.

Reports for service must be made on or before November 10th through the Post Office.

Severe penalties are provided by law for failure to report for service or claim exemption as above.

Issued by The Military Service Council.
